In the early 1900s the state government's well organised Department of Agriculture conducted experimental and demonstration farms to assist citrus farmers with horticultural advice, crop management and pest control. At Dural regular field days were held for the farmers with some orchardists being accompanied by their wives. (SPF ML SLNSW)

DOORAL DOORAL

The place we now know as Dural is derived from 'dooral dooral' delightful sounding Aboriginal words understood to mean 'a hollow tree on fire at the bottom and smoking on the top'. The Aboriginal method of hunting possums was to smoke them out of hollow trees. James Meehan, the ex-convict surveyor, spelled the name on his 1817 Map and Field Book as Dooral. Renowned for its 'inexhaustible forests' Dural's early days focussed on sawpits and timber yards. William Waddell and William Jaga were sawing and splitting shingles here in 1849 and Burton's Timberyard made shingles for St. Jude's and fruit cases for growers. Ernie Bennett's 1950's to 1970s mill was one of the last to find that the 'inexhaustible forests' had become exhausted.

Comfort Discovered is celebrating 30 years at the service of the community, enhancing the independence and empowering people to live a life of dignity, mobility and independence. A couple of years ago, Comfort Discovered at 511 Pacific Highway, Mt. Colah opened a new spacious showroom and enhanced product range helping seniors and people with physical challenges to live their lives independently by providing innovative and creative solutions.

Independence comes with mobility and our ability to conduct our daily chores with least dependence on others. Simple products like a reacher,

a walker, a wheel chair or a mobility scooter can make a huge difference to how we feel about ourselves. This feeling of self worth and self-esteem comes with our ability to do what we want with our selves.

While one expects to see only scooters, walkers or toilet aids in a Mobility shop, at the new Comfort Discovered, you will definitely find these and much more.

This is a one stop shop for all things related to Mobility Aid, Arthritis Care, Back, Neck and Seat supports and a lot more. The range of Tap Turners, Jar Openers, Reaching Aids or the very useful Circulation Socks or Fastener Free Bras that are available in their showroom would surprise anyone.

For instance, the range of cushions to ease the pressure and discomfort of daily life need to be tested to be believed.

Social outings and interactions can become a nightmare for the carers or family members of our

seniors or people with physical challenges. A visit to Comfort Discovered would amaze anyone as to how easily these tasks can be performed with the aid of products such as, light weight and foldable walkers or wheel chairs, swivel seats, walking stick seats, or the 'Car Bar'.

Growing old gracefully and beautifully is the right of every woman. Comfort Discovered stocks a large range of products that make growing old a thing to celebrate with Fastener free bras, Stocking aids, a variety of arthritis gloves or appropriate cutleries for people with arthritis and other conditions.

Sometimes the hesitation to invest in equipment can deprive us from the simple joy of enjoying a good day. That should no longer be a concern. Comfort Discovered has a large range of products for hire. So visit their new and expanded showroom, which is open 7 days or phone the team on 9987 4500.

Complete our 'Waste and Recycling at Home' Survey for your chance to win

Hawkesbury City Council is currently undertaking a community survey to assist Council to develop a greater understanding of the community's attitudes, awareness and behaviours in relation to waste and recycling.

Hawkesbury residents, who complete the survey online, go in the draw to win a \$250 Coles Myer Gift Voucher.

Residents can complete the survey on Council's online consultation hub Your Hawkesbury - Your Say, www.yourhawkesbury-yoursay.com.au.

[yourhawkesbury-yoursay.com.au](http://www.yourhawkesbury-yoursay.com.au).

Mayor of Hawkesbury, Councillor Kim Ford encourages community members to jump online and participate in the survey

The survey aims to:

- understand residents' reception and response to waste promotional activities
- understand the community's motivations and barriers towards waste and recycling practices
- understand factors that encourage or deter learning and action, for example preferred communication

channels and activities

- improve waste education and community engagement.

Focus groups will be conducted later this month to provide greater insight into understanding behaviours and tolerances for behavioural change. Focus group participants were recruited over the past week, through a telephone survey similar to the online survey.

Note: One entry only permitted in the draw to win the \$250 Coles Myer Gift Voucher. Must be a Hawkesbury resident to be eligible.

Great Results at Hawkesbury's E-Waste Recycling Event

Hawkesbury residents are to be congratulated for saving more than 24.5 tonnes of e-waste, which is equivalent to 2.5 shipping containers, from ending up in landfill at this year's e-waste recycling event.

More than 510 cars turned up to recycle every day household items such as televisions, computers, DVD players, projectors, cables and many other items that people struggle to dispose of in an environmentally responsible matter.

The event was run as part of the National Television and Computer Recycling Scheme, which aims to lift television and computer recycling from its current low rate to 80% by 2021. Council is pleased to report that a large amount of the waste dropped off was televisions and computers.

Mayor of Hawkesbury, Councillor Kim Ford was impressed by the amount collected at this event.

"I am happy to see that Hawkesbury residents are utilising these services offered by Council to dispose of waste in environmentally friendly ways. It is very important we are mindful of how the disposal of our waste can affect our environment," he said.

The next e-waste event is planned for early 2015.

It is very important that we aim to prolong our landfill at Hawkesbury City Waste Management Facility. Until the next e-waste recycling event, residents can find suitable locations to dispose of their e-waste on Council's A-Z of waste online at www.hawkesbury.nsw.gov.au.

Sydney Country Music Festival takes to the road with Bash Car 181

Award-winning country music DJ Ron Trundle will be back to MC the 2015 Sydney Country Music Festival this October/November - and he'll be driving across Australia promoting the event.

Bash Car 181 will be flying the Sydney Country Music Festival flag around Australia as it takes part in the NSW Variety Bash.

Eleven-year bash veteran Les Hindmarsh and Ron will set out from Bass Hill on 2 August in a specially-prepared 1970 Toyota Crown, driving 4500km over nine days across the Nullarbor finishing in Bunbury, Western Australia.

The Sydney Country Music Festival brand will be with them all the way.

Hills Shire Mayor Andrew Jefferies welcomed Ron as 2015 Sydney Country Music Festival Ambassador, calling the event a "magnificent boost" for the local visitor economy.

"The Sydney Country Music Festival has grown from strength to strength each year, with country fans enjoying great music at our iconic Bella Vista Farm," he said.

"Ron did a great job as MC last year, and I'm sure he will take his Ambassador role to a higher level this year," he said.

For Ron, it's a great opportunity to raise money for Variety - The Children's Charity while also promoting the Sydney Country Music Festival to country fans across Australia.

"I've done the Variety Bash with Les four times and it's a great experience. The car cruises along nicely and touch wood mechanically we've prepared well," Ron said.

"Last year the Bash raised more than \$2 million and our car raised over \$17,000 for children who are sick, disadvantaged or have special needs."

"This year I'm really looking forward to promoting the Sydney Country Music Festival on the road. Our car will be decked out with the logo and we think it will be a great opportunity to get more people visiting the Sydney Hills."

Ron has been a popular country music DJ on Today's Country 94.1 for more than eight years. In 2013 he won the Tamworth People's Choice Award for Australia's most popular country DJ and in 2015 he won the Independent Country Music Association Award for DJ of the year.

"I can't wait to get on the road and promote the festival in the lead up to October 31. This year's festival has been extended to two days due to popular demand - with no less than 26 acts - and I hope we get people from across Australia coming to Bella Vista Farm to enjoy some sensational live music."

Ron's drive time radio show can be heard on www.todaycountry94one.com

If you would like to donate to Variety - The Children's Charity and help disadvantaged and special needs kids head to www.everydayhero.com.au and search for Bash Car 181. You can also follow Bash Car 181 on Facebook at <https://www.facebook.com/VarietyBashCar181>

Bumper Weekend at Friends of The Hills Library Book Sale

\$8350 was raised from the sale of books at the Friends of The Hills Library book sale.

All money raised will be used by The Hills Shire Library Service to purchase new resources.

Hills Shire Mayor Cllr Andrew Jefferies thanked the volunteers from The Friends of The Hills Library and staff for putting in extra effort over the weekend.

"It's wonderful to know there are so many people who feel so strongly about our libraries," Mayor Jefferies said.

"They are fantastic, heavily-utilised community assets and these results are proof of this support."

"The Friends of The Hills Library are wonderful volunteers and their annual book sale is of great assistance to us."

"On behalf of The Hills Shire Council, thank you to all those who made the book sale such a success."

High Range PCA Arrest

Hawkesbury Highway Patrol officers were patrolling Rifle Range Road, South Windsor about 10.25pm on Friday 22nd May when they stopped the driver of a silver Holden Commodore for the purposes of a random breath test.

The test proved positive and the 49 year old male driver from Bligh Park was arrested in order for a breath analysis to be undertaken at Windsor Police Station.

The breath analysis returned a reading of 0.185. The male was charged with 'High Range PCA' and his

licence suspended on the spot. He will appear before Windsor Local Court in June.

Harassing Phone Calls

A 30 year old Oxley Park man will appear before the Windsor Local Court in June after being arrested and charged with "Intimidation" offences by making offensive phone calls to a business run by two females. Police will allege that this male made numerous phone calls to the women, the nature of the calls being sexually explicit. It will be further alleged by police that at the time of his arrest, the male resisted police resulting in a struggle where the man had to be handcuffed to place him in the rear of a police vehicle.

Drugs Ruin Lives

A 44 year old Glossodia man will appear before the Windsor Local Court in July as a result being found in possession of a prohibited drug, believed to be "Ice" after he was searched by police at Bligh Park around 11.40pm on Tuesday 26 May.

Lost Woman Found

A woman who failed to return home after going for a bike ride at Yengo National Park in the Lower Hunter Valley last Sunday, May 24 has been found.

Natalie Donoghue, aged 54, was last seen about 9.30am last Sunday, when she left her home on Joan Street, Foresters Beach, to go for a bike ride.

Just before midday of Monday, 25 May, a Lifesaver helicopter located Natalie Donoghue and directed ground crews to her location.

Rescue crews are currently with the woman and will soon meet with medical staff where she will be examined.

Police would like to thank the media and public for their assistance.

HAVE YOU TAKEN A GOOD LOOK AT THE \$100 BANK NOTE?

by Trevor Patrick

Sir John Monash (1865-1931)
Engineer and soldier

Monash joined the Melbourne University Rifles in 1884 and was commissioned in the Garrison Artillery. In 1908 he commanded the Australian intelligence Corps in Victoria, and in 1913, became colonel of an infantry brigade. He took the 4th Infantry Brigade to Egypt and commanded it on Gallipoli throughout the campaign.

After training the 3rd Division in England in 1916 Monash established his

reputation as a commander in France in 1917, notably at the Battle of Messines. After playing a distinguished part in checking the German drive on Amiens in March 1918 he succeeded General Birdwood in command of the Australian Corps.

Recognised as one of the ablest British corps commanders, he was appointed KCB in 1918 and GCMG in 1919, and was honoured by the French, Belgian and United States governments.

Other images depict: an artillery section in action, the Australian 'rising sun' badge, mounted troops, Simpson, his donkey and a rescued soldier.

Julia Zemiro's Home Delivery
Wednesday, 3 June 2015 - 9:00pm
New Series

#ourABC

In this eleven part third season of Julia Zemiro's Home Delivery we travel with Julia around Australia and to the UK to experience entertaining and candid interviews with guests from the world of sport, entertainment and the media.

Julia Zemiro is an interviewer of great charm, wit and depth. On this trip down memory lane she puts her guests at ease with her genuine curiosity and warmth, and they respond by opening up and sharing parts of their lives not usually revealed to interviewers. She is also an astute and sensitive listener, willing to probe and ask the difficult questions.

Julia's first guest on this series is Ian Thorpe. Other guests include UK comedians Matt Lucas, Jo Brand and singer-songwriter Billy Bragg. Closer to home she will be heading down memory lane with media heavyweights Ita Buttrose, Leigh Sales and Waleed Aly, as well as actress Mandy McElhinney, paralympian Kurt Fearnley and celebrity chef Matt Moran.

Where would you meet up with arguably Australia's greatest ever Olympic swimmer? At a pool of course!

Julia and Ian travel to the C&M Aquatic Centre (Padstow Pool) where he trained; to One Personal Training Solutions, which is run by his old friend and training partner Christian; to his primary school, Milperra Public; to Cronulla Beach and the North Cronulla Surf Lifesaving Club to visit Les Motto, who was his boxing coach during his early 20s.

Redesign My Brain With Todd Sampson
Thursday, 11 June 2015 Final

#ourABC

In this dramatic finale, Todd puts his life on the line in the name of science to prove that brain training works and that fear can be overcome. He aims to use all his previous brain training and learn to face fear to achieve his ultimate challenge – a skywalk with minimal training across a 3cm cable suspended between two 21 floor high buildings.

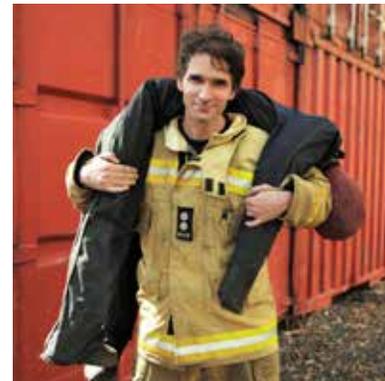

To achieve this incredible challenge he starts tightrope training with the help of world-famous skywalker, Nik Wallenda, and a troupe of Australian acrobats.

Neuroscientists have discovered that our brains can overcome hard-wired fears, such as fear of heights, Immersion Therapy – repeated exposure to scary situations. So Todd puts himself to the test to develop this resistance.

To learn to overcome fear, Todd abseils face first down the side of a 21 storey building, but he needs to learn to avoid panicking during his skywalk, so he travels to Boston University where Professor Todd Fachione immerses him in the virtual reality of World Viz to expose him to heights in a safe environment. Next, Todd needs to hone his decision-making skills under stressful situations and learns to regulate his 'optimism bias', which may cloud his judgement. Thankfully Dr Tali Sharot, a leading expert on the science behind decision-making, is on hand to help.

Todd then discovers that there's a scientific basis behind mindfulness when he travels to Winston-Salem, North Carolina, to meet Professor Fadel Zeidane, a leading researcher on the subject. Inspired, Todd heads to Boston's Harvard Medical School for mindfulness mediation training, and with the help of Dr David Vago, a Harvard neuroscientist and an experienced Zen Buddhist monk, Todd learns a new meditation technique.

But has Todd learnt to manage his fear enough to step off a Sydney skyscraper? In one of the most unforgettable scenes ever filmed in a science series, what happens will take your breath away and could change your life.

The Naked Village
Friday, 5 June - 9.30pm
Premiere

Lifting the lid on a quirky English village during one long, hot summer...welcome to Spielplatz, where the residents prefer to go naked.

The leafy village of Spielplatz looks like any other small suburb, except for one thing: the residents live their everyday lives totally and utterly naked.

Founded in 1929 by a family of naturists, today the village has around 30 houses. The residents are all average folk, a mix of old and new including many third generation villagers. They can't understand why 'textiles' - people who wear clothes - feel the need to cover up. However, all is not rosy in Spielplatz.

The village is struggling financially and there's a temptation to cash in on the valuable land.

Can events such as a naked yoga day and naked body art festival attract new visitors?

ABC 2 **Forbidden Love**
Friday, 5 June 2015 - 9:35pm
New Series

In OUR GENDER SWAP WEDDING, the first documentary in the FORBIDDEN LOVE series, Jamie and Louis, one of only a few transgender couples in the UK, discuss the obstacles they have faced in the lead-up to surgery and their wedding day.

Louis and Jamie's story is an engaging and fascinating modern-day romance which will inspire young and old alike.

Jamie was born a man but is now a woman and Louis was born a woman and is now a man. Together they have found true love and they plan to marry in the summer.

Their story is both heart-warming and heartbreaking. They have suffered a life of hell enduring taunts and hate crime, attempting suicide and both have tried to cut off their bodily parts.

In the midst of their extreme physical and mental trauma they have managed to find each other and their unconventional relationship proves against the odds that love really can conquer all.

Their story challenges and overturns many of our prejudices and misconceptions and through honest story-telling makes us realise that committed and successful relationships can embrace the unusual. Join Jamie and Louis on every step during their journey down the aisle, with in-depth interviews about their life to date; their hospital visits; surgery; their struggle obtaining a gender recognition certificate; life at home with their new pug puppy; shopping for their wedding outfits and finally their wedding day and celebrations.

Bodysockers: Nips, Tucks and Tattoos
Wednesday, 10 June 2015

In BODYSHOCKERS: NIPS, TUCKS AND TATTOOS, Katie Piper meets the people who desperately regret having tampered with their faces and bodies whilst introducing them to those who are hell bent on modifying them. From surgery addicts VS surgery virgins, to people whose home made tattoos have wrecked their lives, Katie brings together the people about to have something done with those now full of regret. And those about to go ahead, observe firsthand the lasering, slicing and stitching that the 'regretters' undergo in painful reversal procedures.

In this episode of BODYSHOCKERS, Katie meets Hannah, who after being dumped by a boyfriend for a girl with bigger boobs, got herself a supersize set of double g implants. Now, seven years later, with the aim of becoming a police officer, she's studying for a degree in criminology, but her large cleavage is getting in the way.

Katie also meets 20 year old Holly. Her terrible tatt regret, a penis on her back, was created all too easily and quickly with a tattoo gun she bought online.

Sarah used to love her huge stretched ear lobes when she was a young Goth about town. Now a budding make-up artist she spends her time making others feel beautiful whilst she feels ugly.

Katie also talks to male model Adam, who has discovered a brand new cure for his baldness, tattooed-on hair!

And whilst many body modifiers are satisfied with stretched ears and a few piercings, Katie meets 22 year old Joel, who has taken the art to a whole new level. He's created massive holes in both cheeks so you can see right inside his mouth.

THROUGH STATE MP'S EYES by Ray Williams, Member for Castle Hill

ANOTHER NORTH WEST RAIL LINE BREAKTHROUGH!

On Tuesday 26th May the Premier, Transport Minister and myself witnessed tunnel boring machine Elizabeth breakthrough with thundering sound and excitement into the new Showground Station site. Showground Station is being built underground with platforms about 20 metres beneath the surface, providing access to existing residential development, the Castle Hill Showground and nearby business areas. Over the coming weeks, Elizabeth will be moved through Showground Station before setting off again towards Castle Hill Station and then on to Cherrybrook. The North West Rail Link is well ahead of schedule with services to start in the first half of 2019, delivering a train every four minutes during peaks. CONTRIBUTION TO THE INDUSTRY

President of Castle Hill RSL Warren Glenny was recently awarded 'Contribution to the Industry' at the Clubs NSW Awards. Warren Glenny is a statesman that always conducts himself with the utmost respect and dignity. His community activities extend beyond his already time consuming and engaging Castle Hill and Parramatta Clubs commitments to include a strong military involvement and he is often called upon to attend community events in both capacities. Mr Glenny has presided over one of the most successful club

redevelopments and repositioning's within the club industry which has seen the exponential growth of Castle Hill RSL from a medium size suburban club to one of the largest, most diverse, hospitality, entertainment and leisure venues in the industry. Warren is a remarkable man who has the utmost respect from all that know and work with him!

Congratulations Warren

Lately, what is happening at the junction of Seven Hills, Old Northern and Windsor Rds at Baulkham Hills, has featured in the local media. The shops that include the Cosmo Lighting store are due for demolition, unless that has already occurred by the time that this article is published, whilst across on the opposite corner where the Bull & Bush Hotel stands has recently been sold to developers who hope to build hundreds of apartments on the car park behind and alongside the hotel.

With that in mind, I'd like to tell you a little bit of history relating to the hotel site. The current Bull & Bush Hotel is a landmark building for many residents and visitors to the area. A hotel has stood on that corner since 1821

In the early 1800's the corner was known as "Pye's Corner". John Pye an early settler had established an inn called "The Lamb & Lark", on the corner, in a small timber cottage with a veranda along the front. After the death of John Pye in 1830, the inn remained in the family's possession until 1884 when Daniel Horwood a wheelwright and blacksmith took control of the inn.

The inn had been renamed during the 1870s to "The Cricketers" and was demolished in 1885. It was replaced by a grand hotel of two storeys, which was named "The Royal Hotel" or more correctly "The Royal Baulkham Hills Hotel". Daniel Horwood and his wife lived in the hotel and developed the surrounding land as an orchard. The Horwood family owned the inn up to 1914 when the property was sold.

The new owner was Charles Brown, a local storekeeper, who had raised the purchase price by way of a mortgage from the brewer Tooth & Co. Ltd. Charles Brown found that he was unable to repay the mortgage and then Tooth & Co. Ltd. took control of the hotel around 1917. After the Depression years of the 1930s, Tooth & Co. Ltd demolished the Royal Baulkham Hills Hotel and commissioned the hotel architect Cyril C Ruwald to design a more fashionable building to be known as the "Bull & Bush Hotel". The new hotel was built in a "Tudor" styled design which is so familiar to the locals and visitors of today. In 1941 Tooth's purchased additional land adjoining the hotel which then provided additional parking space for cars. The Drive-In bottle shop was added in 1972 and major refurbishment carried out in 1988.

A fire broke out in 1991 causing serious damage to the building. The hotel was closed for repairs and reconstruction and reopened

for business on the 19th June, 1992

For 194 years the site of the Bull & Bush has served the residents and visitors to Hills District as a hospitable and popular landmark location and it is hoped that the site continues to serve all and sundry in the years ahead in a similar fashion. One can only hope that the new owners will recognise the importance and heritage value of the site and that any development will be sympathetic to this.

I recall as a teenager, when travelling from Windsor after going to the car races at Mt. Panorama at Bathurst, it was farmland until you reached Chelsea Ave and the "The Bull & Bush" that you had felt that you had finally reached what you would have considered at the time "civilisation". The Hills still had that country feel about it. Roadside fruit and vegetable stalls, you could purchase manure of various types (chook, horse etc) by the bag load at the side of the road. Garden nurseries abounded throughout the district.

At the time of writing, the developer that has purchased the "Bull & Bush" has yet to lodge a development application to the local council and if the scope of the development is as great as it has been reported, it maybe that the final say on the development maybe up to the NSW Government authorities and not the Council.

Traffic is already a problem at the junction and I would expect that it would only become worse as unit developments keep increasing unless suitable infrastructure, including roads, off street parking and improved traffic management plans are provided. It is hoped that

the bureaucrats, whether council officers or State government public servants take into consideration all relevant issues including traffic management problems and the heritage of the site.

I recognise that things rarely remain the same, but the character of "The Garden Shire" of the Hills is gradually changing. I have seen it go from a food bowl (citrus fruits and vegetable gardens) to more and more urbanisation. How much longer can the Shire's slogan of "The Garden Shire" remain is to be seen.

Feel free to share your memories by writing to PO Box 1278, Baulkham Hills, NSW 1755 or email to metropoll@optusnet.com.au. You can also share memories on any of my facebook memories groups including Hills District Memories which you will find here <https://www.facebook.com/groups/Hills.memories/>

Aussie Pumps

AUSSIE COUGAR HAS GRUNT

The new Aussie Cougar Mk 3
high pressure cleaner offers users a
whopping 3,100 psi performance,
an increase of 30% over the
previous version of the model.

The new Mk 3 Cougar is
powered by a 6 hp Honda GC190
offering a 20% power increase over
the previous version.

The new pressure cleaner,
designed for both light commercial
and domestic cleaning jobs offers
the versatility of petrol engine power
and the extra horsepower it brings.
For example the Cougar produces a
lot more cleaning efficiency through
its combination of pressure and flow
than equivalent priced electric single
phase machines.

“The best part of the Cougar
is that it is a first world machine
at a third world price” said Hulm.
“Our huge volumes mean we can
market this great little trolley
mounted pressure cleaner for only
a little over \$1,000,” he said.

The pump is a compact 3
piston axial design with a brass
head for corrosion resistance to
“hard” water. The pump comes
with a unique “integrated safety kit”
(ASP) combined with an adjustable
unloader valve, pre-set at the
factory to achieve the best results, a
thermal dump valve to prevent the
machine from damage in the event
of continuous by-pass operation,
and an integrated safety valve.

The whole unit is mounted in
a heavy duty steel trolley, with two
8” pneumatic tyres with rugged
tractor tread that enables the
machine to be moved easily around
home, farm or building sites.

A unique colour
coded quick tip nozzle
kit is supplied with
every Cougar Mk 3. The
nozzles are stainless steel
tipped, precisely aligned
to the pressure and flow
combination of the pump.
The colour coding allows the
operator to choose the right
nozzle for the specific task
with varying spray angles
from zero degrees through
to 40 degrees available.

A black colour coded nozzle
is also provided for low pressure
spraying of detergent or degreasers
as part of the cleaning process.

The pumps are fitted with a
detergent kit that automatically
draws up detergent liquid through
a Venturi, into the pressure stream
when the low pressure black nozzle
is in play. All of the nozzles are
fitted with quick tips that enables
the change of nozzle from one
angle to the other or from high
pressure to low pressure detergent
application, in a matter of seconds.

The machine is fitted with
10 metres of top quality wire
braid high pressure hose and
a professional gun with quick
couplers to enable lances to be
exchanged as required. Optional
turbo and grit blast lances are
readily available as part of the
Cougar Mk 3 package.

“Best of all for operators, a
complete grid on how to safely use
the increased pressure available
through the new machine is
applied to an instruction plate
mounted on top of the trolley” said
Hulm. “That detailed instruction
plate serves as a constant reminder
to the operator of the instructions
on how to use the equipment for
the best results. It is almost like a
constant visual distilled operator’s
manual right there in front of the
operator for the safe and effective
operation of this dynamite little
machine” said Hulm.

The Cougar is available from
Aussie Pump Dealers, leading
tool shops and specialist cleaning
supply companies.

Further information check the
web www.aussiepumps.com.au or
call Aussie Pumps on 02 8865 3500.

*The new Aussie Cougar Mk 3 has more
power, more whack & is easy to use.*

Why advertise in the local TV guide?

- Over 10,000 magazines are picked up by local consumers by choice from stands in local shopping centres, clubs and petrol stations.
- The TV guide is eagerly sought after and in high demand with our pick up rate constantly exceeding 99%.
- A full page ad costs less than printing 10,000 flyers and distribution is free. Rather than being seen as junk mail, it is picked up to be viewed daily.
- As a TV Guide, your ad will be seen again and again over the 16 day period over which the magazine is designed to be kept.
- Value for money, our display advertisements cost less than half of the average cost of other local publications which are viewed once only.
- Local readers support the local advertisers and appreciate and support a local free TV guide.

To enquire or place an ad please email advertise@hillstohawkesbury.com.au for further details or call Belisa Papandrea on 0487 111 868 or the office 1300 616 614
