Galston Girl Guides for 7 to 12 year old girls

Girl Guides in Australia is community based and meets outside school hours. There are approximately 260 Guide Districts in NSW & ACT where groups of girls meet on a weekly basis during the school term. By meeting locally with their peers, our girls have fun, develop friendships, experience adventure and challenge themselves to try new things by stepping outside of their comfort zone. They become a member of a small team (Patrol) within their Unit, which builds a sense of belonging, encourages teamwork, helping girls to grow in confidence and have a voice. With the support of volunteer female leaders, Guides enables girls and young women to grow into confident, self-respecting, responsible community members.

Last term Galston Girl Guides were part of an international program entitled 'Free Being Me' which supports girls and young women to be all that they can be. Together with the World Association of Girl Guides and Girl Scouts, Girl Guides Australia partnered with Dove to create a program that aims to reach 3.5 million girls across the world by 2016.

During an overnight camp at Galston Guide Hall, the girls made T-Shirts and designed their own 'Free Being Me' messages.

Galston Girl Guides meet on Thursday 5-6.30pm at 414 Galston Road, Galston. Please contact Mary 0423 353644 for more information or visit www.girlguides-nswact.org.au

Arcadian Artists Celebrate 25 Years on 7th - 8th November 2015

Like all great ideas that are driven by enthusiasm & passion the Arcadian Artists have stood the test of time. In November 2015, the Arcadian Artists will celebrate 25 years of bringing inspirational art to the local community & beyond. Since its humble beginnings in 1990, like a child who has been nurtured & cherished it has grown & changed immensely. The Arcadian Artists have witnessed organisational challenges & triumphs, & brought much joy, creative knowledge & inspiration to the visitors who support & encourage the continued presentation of the event each & every year.

Where the Arcadian Artists now represent around fifty Artists, exhibiting at various locations throughout Arcadia, Berrilee, Galston & Dural, the first Arcadian Artists event in contrast consisted of just six Artists located at five different venues throughout Arcadia. Local fashion identity, Kathleen Berney is the only remaining Artist from the original group which also consisted of Robert Billington – Photographer, Jan Black – Heirloom Sewer, Dilys Condell – Weaver & Painter, & Leonard & Lindy Smith – Potters. Prior to the formation of this group the Smiths had conducted numerous annual pottery sales in their own right.

With the passage of time many Artists have come & gone with various forms of art exhibited ranging from the more traditional such as painting & pottery to the more unusual like shoe-making by Victoria Chu & caricatures by Mick Joffe. Some of the more familiar, long standing & current members of the Arcadian Artists include Ulric

Steiner – Metal Sculptor, Sandra & Maria Vumbaca – Ceramists, Trish Fraunfelter – Illustrator & Textile Printer, Brian Bell – Furniture Maker, Carole-Anne Lunn – Sculptor & Jeweller, & Marilyn Chappel – Painter, who became the Arcadian Artists President in March 2015. Lest not forget Gordon Finlayson – Painter, Potter & Teacher, now retired from the Arcadian Artists who held the longest Arcadian Artists Presidency.

Initially under the tender care of Gordon Finlayson followed by the creative flair of Trish Fraunfelter in more recent years as President, the Arcadian Artists has experienced the most profound changes in its history. What was once a one day event developed into a weekend. A basic black & white, photocopied, one page flyer with a hand drawn map has since graduated to a full colour brochure with a more sophisticated digitally designed map. The Arcadian Artists has its own branding & a logo. It uses Facebook, Instagram & has its own Website.

Behind all of this remains a team of hardworking, dedicated Committee members who have adopted the same vision of fostering the arts in the local community & beyond as word has spread. They work tirelessly throughout the year to create what culminates in the outstanding exhibition that is presented on the second weekend in November each year. The careful selection of the highest quality & eclectic range of art presented is a testament to the event's survival & longevity. Research reflects visitors flock from all over Sydney further encompassing areas of the Central Coast, Blue Mountains & Hunter Regions.

Throughout the years the Arcadian Artists have

endeavoured to support & provide an avenue for both young & experienced artists from inside & outside the community to showcase their creative talents. In addition it has supported many local charities & in recent times has provided a donation to students at Galston High School to assist with the costs associated with the completion of HSC major works.

On the weekend of the Art Trail the event is well sign posted. Participating venues are linked by a picturesque, leisurely country drive enabling visitors to experience the beauty & serenity that surrounds & inspires many of the artistic people in the district.

Brochures & maps are readily available from the local shops in the lead up to the Art Trail & an information stand is provided outside the Bendigo Bank of Galston - a proud sponsor of the Arcadian Artists on the weekend of the event being the 7th & 8th November 2015. The Arcadian Artists website www.arcadianartists.com.au provides a wealth of information about the Artists themselves & the Arcadian Artists Art Trail & Exhibition, or Art Crawl, or Open Day, or Open Studio Weekend as it has formerly been described.

It is really hard to believe 25 years have passed since this inspiring concept began. If you have never attended an Arcadian Artists Exhibition & followed this captivating Art Trail, this is the year to participate in this truly enriching cultural experience, & help the Arcadian Artists celebrate this silver anniversary milestone in local history.

Hawkesbury residents dispose of chemicals correctly

A total of 578 Hawkesbury residents attended this year's Household Chemical CleanOut held at Hawkesbury Showground last Sunday, 23 August 2015.

Expectations were exceeded with almost 34.7 tonnes of household chemicals diverted from landfill. This was an increase of 2.7 tonnes of materials collected compared to last year's CleanOut, making the event the best Chemical CleanOut the Hawkesbury has held.

Paints continue to make up over 50% of materials collected, with oils and batteries remaining in the top three materials surrendered.

The Chemical CleanOut is a free service allowing residents to dispose of household quantities of chemicals including paints, herbicides, pesticides, poisons, fire extinguishers, pool chemicals, household cleaners, motor oils, fuels, batteries, and fluorescent globes and tubes.

Mayor of Hawkesbury, Councillor Kim Ford was impressed by the amount collected.

If you missed out on attending the Hawkesbury Chemical CleanOut, you can attend one in another local government area for free. For more information visit www.cleanout.com.au/ChemicalCleanOut or phone 131 555.

Tell us what you think via the 2015 Hawkesbury Community Survey

Hawkesbury City Council is asking residents to give their assessment of Council's activities and rate its performance through the 2015 Hawkesbury Community Survey, which will be

conducted from 13 October to 31 October 2015.

The telephone survey will help Council to understand residents' needs. It will also be used to determine community attitudes and perceptions towards current and future services and facilities. The results will then assist Council in developing priorities that balance community needs within its budget and available. The survey will be undertaken by Micromex Research, a firm that has conducted community surveys for Council since 2007.

According to the Mayor of Hawkesbury, Councillor Kim Ford, the survey outcome "will help set priorities for Council services in the short to medium term".

Residents will be asked to rate the importance of Council activities and rate current performance. The survey will also identify what residents perceive to be the most important issues facing the City in the medium to long-term.

The results of the 2015 Hawkesbury Community Survey will be analysed by Micromex Research in November and a report will be presented to Councillors in early December 2015. The published report will be made public on Council's website in 2016.

3500 Fridges Collected In Buyback Scheme

3500 fridges have now been collected in The Sydney Hills as a result of the Fridge Buyback Scheme.

Hills Shire Mayor Dr Michelle Byrne visited Castle Hill resident Nicole Brice as her fridge was collected.

"Council is happy to support this scheme which has saved Hills residents more than \$1 million worth of electricity, while disposing of fridges in a sustainable manner," Mayor Byrne said.

310 tonnes of metal have been recycled from The Hills alone, which is the equivalent of six railway carriages. The fridge is pulled apart, with all materials set aside to be re-used.

News From Wisemans Ferry Community Men's Shed

It is now 12 months since we started operating Wisemans Ferry Men's Shed independently from River Road at Wisemans Ferry. Previously to this we were operating from the Community Centre in Wisemans Ferry, under the guidance of Richmond TAFE Outreach, who supported us with courses in Landscaping, Working with Recycled Timber and Computers. We truly appreciated these introductory courses as we are still using these skills today in the running and operating of our shed.

Who said it wouldn't last and where has that time gone? It has only been possible though, thanks to the generosity of Adrian and Annette who continue to put up with the invasion of us at their home each Tuesday. Thank you both so much. We have just about taken over Adrian's shed and yard and have to continue to be mindful of being tidy and keeping a tight ship as not to invade their space more than we need to.

So much has happened in this time. Our members are busy each week making items for sale at the various market stalls in the district. So far this year we have attended market stalls at Wisemans Ferry for Senior Citizens Markets, Easter (washed out) and June Long Weekend Markets at the Bowling Club, Maroota Muster and the last one was again at the Bowling Club for the October Long Weekend. We have had a fairly good response at each stall regardless of what the weather throws at us. It was so hot and uncomfortable for the October stall, so there were not very many people about. They would have been either in a pool or river somewhere or at least air-conditioning. I really felt sorry for the stall-holders who had plants or fruit & veg to sell as the weather was just too hot for these. Some of the food and coffee stalls would have also found it difficult.

Meanwhile, behind the scenes, our two ladies, with

the assistance and advice from Adrian and others, have applied for grants, contacted councillors, sent articles such as this to all the local newspapers and belted out newsletters, informing the community of what we are doing and seeking assistance to establish our own shed at the Wisemans Ferry Bowling Club. We are making steady progress with a DA currently before Hornsby Council and plenty of communication going on with that. Hopefully we will soon have some positive news on the permanent site to share with you all.

We have also had some wonderful donations of much loved tools and equipment from various community members who no longer have a need for them. They have been of great benefit to us so thank you for thinking of us it is so very much appreciated and you have made such a difference to the Men's Shed. There has been tremendous support for the Men's Shed from many businesses and organisations in our community eg Australian Men's Shed Association, Bendigo Bank – Galston, Wisemans Ferry Bowling Club, Glenorie Butcher, Bunnings at McGraths Hill, Thinking Signs, Mole End Pty Ltd, Mr Ray Williams MP, Mr Phil Ruddock MP, Mr Dominic Perrottet MP, Merissa of Peppercorn Services just to name a few. Your support to us is second to none and we can't wait to be operating from the Village Hub at Wisemans Ferry where we can continue to assist those in our community who need us most. The Men's Shed operates each Tuesday 9.30am – 3.30pm, phone Adrian on 0448833781.

Ex Gracia Choir Concert October 24, 2015 - 7:00pm Mountain Heritage Hotel & Spa

Ex Gracia Choir Presents:
Voices of Love

We are extremely excited to announce that we are performing our very own concert, a gorgeous program of songs in a gorgeous mountains location.

"Voices of Love" will be a showcase of what Ex Gracia does best: taking songs from through the decades – and through the centuries! – and giving them the multi-part choral treatment to produce uplifting, engaging, often moving and occasionally comic performances.

The concert will highlight the impressive diversity of our repertoire, with songs of love lost and love found, of love domestic and transcendent, love lamented and love celebrated. Most of all, it will delight lovers of beautiful choral singing – with some featured artists to spice up the mix even further. There will be guest musicians, guest soloists, and songs featuring Ex Gracia members in smaller ensembles.

Our venue is the sumptuous Mountain Heritage Resort in its unique position high atop Katoomba, where it commands breathtaking views across the mountains and beyond. Before our concert you can relax with a sunset drink overlooking the Jamison Valley, and dinner will be available after the performance in the Jamison Views Restaurant. (Bookings are highly recommended for dinner.) Of course you can also extend the occasion by staying on in the resort overnight (bookings essential for a Saturday night).

This is our biggest project yet, and one we have steadily worked towards over our last 4 years of performances. This is "the Big One" for us! So we hope you will come and celebrate with us, and lend your support to what has become a significant community arts project.

Looking forward to seeing you there!

Aussie Pumps

AUSSIE FIRE CART A WINNER

A new trolley mounted version of the Aussie Fire Chief bushfire fighting pump is available from Aussie Pump dealer Thinkwater, Dural. Called the Aussie Fire Cart, the pump can be easily moved around either farm or bushland property.

The Aussie Fire Chief is regarded as being Australia's iconic high pressure firefighting pump. The only pump of its kind in the world backed by an exclusive 5 year warranty, the Fire Chief is claimed to not only outlast competitors but also produce an unequalled combination of pressure and flow. With a maximum flow of 500 lpm and with a maximum head of 75 metres, that's over 100 psi, the pump simply produces more water at high pressure.

Powered by genuine Honda engines with a horsepower range up to 13HP, these unique pumps are loaded with user friendly features.

The big belly body enables the pump to prime fast from vertical lifts of 7.6 metres. The huge 7.5 inch diameter, hydraulically engineered, one piece impeller weighs up to 2.5 times that of competitors.

"It's that big impeller that gives us the extra grunt. Combined with a superbly engineered volute it provides fast, efficient priming," said Donna Davey from Thinkwater Dural.

The pump features a flanged, bolt on suction port that means the check valve can be serviced without having to dismantle the complete pump. The flanged, three way outlet provides a choice of either two 1 inch outlets or a 1.5 inch outlet for top performance. The

outlet ports are fitted with metal caps and chains, not plastic!

A big port is built into the lower pump body for easy draining.

"It's that huge, closed vane, single piece impeller that provides the extra performance. The ability to port more water literally means fires are doused faster, which is vital," said Davey. "Aussie Pumps simply put more metal into the pump because they understand that performance counts," she said

The new heavy duty steel trolley, fitted with big 10 inch foam filled tyre wheels means the pump can operate from a robust steady base, but at the same time is highly mobile.

"Aussie came up with the Fire Cart idea because users want to be able to move the pump around the property rather than be tied to one location," said Davey. "The new trolley makes deploying firefighting pumps convenient and ultimately much safer. Its speed of action that could save outbuildings, livestock or even human life," she said.

The Aussie Fire Cart is featured in the latest edition of Aussie's Fire Safe Survival Guide, a comprehensive booklet covering protection of property, livestock and even lives during bushfire season. The guide is available from Thinkwater Dural or online at www.aussiepumps.com.au.

The new Aussie Fire Cart converts an Aussie Fire Chief high performance fire pump into a mobile unit that can be easily deployed around a property.

your Garden

Tulips on Display

by Laura Rittenhouse
www.laurarittenhouse.com

Spring is bulb season and gardens around the area are bursting with colour as a result. Our October meeting was the perfect time for Betty to talk to the garden club about her (northern hemisphere) spring trip to Keukenhof to see the gardens there. She even included a couple of photos from her more recent visit to Bowral's Tulip Time Festival.

Tulips come from the Himalayas, were first cultivated in the 10th century in Persia and had become a global hit by the early 1600s. This was when Tulip Mania gripped the Netherlands and tulips became infamous for causing the first market bubble and resulting crash. Just before the crash in 1637, a tulip bulb reportedly sold for more than 10 times the annual income of a skilled craftsman. By the time the Keukenhof gardens were set up in 1949 (and Bowral's festival in 1960) all the frenzied speculations were long over and tulip prices had come down to

something reasonable.

Today every garden centre offers an incredible selection of bulbs. Not just tulips but also their companions such as daffodils, hyacinths and lilies.

The good news is tulip bulbs are now within the budget of every gardener. The bad news is the garden club members unanimously agreed the Sydney basin is a lousy place to grow them. Tulips like a cold dormant period and do best in regions with long, cool springs (checked your thermometer lately?) and dry summers. But still, we keep trying, don't we?

Our next outing is October 29th when we'll visit Mt Tomah. Our meeting on November 5th will be our annual plant and flower show.

If you're interested in gardening, join us at the Macquarie Towns Garden Club. We meet at 2:00 p.m. on the first Thursday of each month at the Windsor Library. Check us out at: www.macquarietownsgardenclub.wordpress.com. If you have suggestions or feedback for me, send it c/o: contribute@hillstohawkesbury.com.au.

SPECIAL EVENT by Trevor Patrick

James Jervis Memorial Oration

*The Speaker will be
His Honour, Justice Michael
Pembroke*

His subject:
*Arthur Phillip, Sailor, Mercenary,
Governor, Spy*

At his peak, in mid-life, Arthur Phillip seemed almost perfectly suited to the role that history and circumstance presented to him. He was 'a man with a good head, a good heart, lots of pluck, and plenty of common sense'.

His Honour, Justice Michael Pembroke has written the definitive book which uncovers the elusive character of Arthur Phillip, brings to life his career in the Royal Navy and explains the culture, values, fashions and features of the

Georgian society in which he lived and died.

Parramatta and District Historical Society invites you to Burnside Public School, 1 Masons Drive (off Pennant Hills Road) North Parramatta on Wednesday 21 October, 2015 at 7-30pm.

The oration is free and will be followed by supper.

Michael Pembroke

ARTS & CULTURE

Museum

Hawkesbury Regional Museum is located in one of our country's oldest settlements—the third on mainland Australia after Sydney and Parramatta. It is the only publicly-run, professionally staffed museum in the Hawkesbury and, indeed, in the wider area including the Blue Mountains, Penrith, Hills and Blacktown local government areas. It is also free to most visitors, and a token \$2 per head is asked of booked groups, for which the museum is opened specially.

Here you can see things you won't find anywhere else, from the celestial globe that belonged to John Tebbutt, an internationally-renowned astronomer who lived his

whole life in the Hawkesbury, to the diary kept by a member of HMAS Hawkesbury during World War II and recording the Japanese surrender. Not to mention that uniquely Hawkesbury creation, the flabbit.

Ours is an award-winning purpose built museum, designed to provide optimal conditions for the display of objects and the comfort and convenience of visitors. Also on site is Howe House, an historic house that has been fitted out with furnishings and displays that reflect its many uses over more than 200 years of history. The house is open for inspection at 11am and 2pm on weekends, and during the week for booked groups.

The Beautiful Lie
World Premiere

#ourABC

Tolstoy's Anna Karenina is the greatest ever relationship drama. The Beautiful Lie is an Australian reimagining of this story set in contemporary middle-class life, exploring the love lives of both 'happy' and 'unhappy' families in all their mess and grandeur. Long retired tennis champion, Anna Ivin (Sarah Snook), flies home from a family holiday to help save her brother Kingsley's (Daniel Henshall) marriage. His wife Dolly (Celia Pacquola) has just found out he has been having an affair.

At the airport, Anna is introduced by chance to music producer, Skeet (Benedict Samuel). They fall into an instant and helpless attraction. The problem is that Skeet happens to be the fiancé of Dolly's sister Kitty (Sophie Lowe) – who has arranged an engagement party and invited Anna. Socially awkward family-friend Peter (Alexander England) suffers from a case of very bad timing when he declares his love for Kitty... she turns him down and he is humiliated.

At the engagement party, Anna and Skeet can't stay away from one another, leaving Kitty suspicious to the point of hysteria. This is the beginning of a passionate and complicated love affair that unravels not only Anna's life and her seven year marriage but the lives of all those around her. Her husband (and sports-star celebrity) Xander (Rodger Corser) is shattered. When her beloved son Kasper (Lewis Fletcher) is so hurt he rejects her, Anna is devastated. Skeet never believed in marriage until he wrecked one. Then Anna falls pregnant.

Meanwhile, Dolly and Kingsley explore forgiveness and appreciate one another once again. Raw from her experience with Skeet, Kitty is finally able to see Peter for the good man he is and they fall into a more gentle kind of love. Xander falls in love with a new woman allowing him to rise above the ashes of his detonated marriage to Anna.

As time goes on and the love of the other couples deepens, the passion between Anna and Skeet begins to dissipate. Anna suffers fits of mania and jealousy until finally she spins out of control.

Friday 30 October, 8.30pm
Age Gap Love
Series Premiere

Age Gap Love, is a five-part documentary following couples from across the UK and the US who are determined to prove that mileage on the clock is no barrier to real romance - despite suffering judgement and backlash from friends and family.

Kitchen Cabinet
New Series

#ourABC

In a year of political drama, intrigue and instability, Kitchen Cabinet is back for its fifth season.

Once again veteran political journalist, Annabel Crabb seeks out the most fascinating people in Federal Parliament, and forces them to eat cake even if they really don't want cake.

From dragway tracks in regional Victoria, to remote parts of Kakadu and the wildest, most inhospitable place of all – Canberra – Annabel travels the country in search of a good meal and an insight into the life of the curious creature that is the Australian politician.

Join Scott Morrison as he cooks a Sri Lankan fish curry and opens up about his childhood acting career, his faith and reflections on his time as Immigration Minister. Motoring Enthusiast Party Senator Ricky Muir takes Annabel for a ride in two vehicles (one bumpy, one fast) and talks about his unexpected rise to political prominence. Senator Richard Di Natale, Leader of the Greens, invites Annabel to his off-the-grid farm and makes nearly every element of his meal from scratch, including the pizza oven. Gold medal Olympian Nova Peris takes Annabel to her family's country nestled in beautiful Kakadu, where they cook by a campfire, eat by a billabong teeming with crocodiles and discuss Senator Peris' life to date. And in a Kitchen Cabinet first, at a Chinese restaurant in Canberra deemed neutral territory, Annabel hosts a bi-partisan lunch with Liberal Minister Christopher Pyne and Labor MP Anthony Albanese.

Short synopsis

This week, Annabel Crabb visits Liberal heavy hitter, Scott Morrison. He's at home in the kitchen preparing Sri Lankan fish curry, chapattis and samosas – or 'ScoMosas' as his staff hilariously call them.

Ladyboys: The Band
Series Premiere

What happens when a British boiler-fitter attempts to form a new pop group in Thailand – made up entirely of ladyboys?

In Thailand, ladyboys are everywhere: men who transform themselves into women almost from head to toe. Their beauty is legendary: tourists from around the world are captivated, and a growing number of British men are ready to give up everything for life with a ladyboy.

This series looks beyond the glamorous ladyboy showgirls to find the real people striving to make it in a country where transgender women are celebrated, but still denied equal rights.

Since moving to the sunshine coast of Pattaya to live with his ladyboy fiancée, Paeng, 44-year-old British expat Scott has become a figurehead of the local ladyboy community. He plans to change their fortunes by forming a pop group comprised exclusively of ladyboys – a tall order for a man who knows nothing about music and who says that organising ladyboys is a little like herding cats.

Thankfully, Scott has teamed up with a fellow expat Brit who knows a thing or two about music: Barry Upton, the multi-platinum selling songwriter who created the global pop sensation Steps.

Together, Scott and Barry hold open auditions for ladyboy singers and are stunned by the vast array of voices, looks and talent. But can they find the talent they need and be ready to launch a single on live national television in just a matter of weeks?

The Seventies
Sunday, 25 October - 8.40pm
****Final****

The Seventies is a new four part documentary series that examines the individuals and events that influenced and shaped a decade that had a profound impact on America and the world.

America lost its first war, endured two energy crises, and a President resigned following an unprecedented political scandal.

Television tackled once taboo subjects. Popular music enjoyed a multi-genre explosion, and there was a revolution in sexual mores and customs. Serial murder and other violent crime kept the nation on edge, and bombing, hijacking and the taking of hostages introduced the world to the modern face of terrorism.

Episode Four: Terrorism - At Home and Abroad/What's Goin' On

This final episode looks at how the terrorism we know today was essentially born in the 1970s. From the abduction and murder of eleven Israeli athletes at the 1972 Munich Olympics to the murder of Lord Louis Mountbatten, a member of the British royal family, in 1979, the 1970s witnessed a horrific parade of kidnappings, hijackings and bombings. The second half of the episode explores American popular music and how it exploded into new formats while established artists found new creative voices.

HAPPY 10TH BIRTHDAY IRONBARK RIDGE PS

It seems like only yesterday I was asked to attend a local meeting with parents and teachers to discuss a new school to be built in our area known as Ironbark Ridge Public School. This year the school is celebrating its 10th birthday. While funding for public schools is provided by the NSW Government, a successful school requires much more than just money in order to provide the very best educational environment possible.

Like all the amazing schools across the Hills area, Ironbark Ridge is another success story, providing high quality education on behalf of our children. This has only occurred through the hard work and dedication of its Principal, teachers and of course the parents of the P and C. The schools motto of 'strength, respect and excellence' continues to define its core values and the achievements of its students are many and varied across all areas of academia, sport and the arts.

A special assembly will be held on Thursday 22nd October at 2pm in the school Hall, followed by an afternoon tea in the Library from 3pm. At the assembly the school will be remembering many of the people and special events that have shaped and formed Ironbark Ridge PS. As a final event the school are having a huge school fete on their grounds on Saturday 24th October. Congratulations to everyone who has worked so hard to ensure the success of this school and happy birthday to Ironbark Ridge Public School.

BUYER BEWARE

Recently my office has been contacted by a small number of people who have had problems purchasing property 'off the plan'. While this was largely the practice in the past for sales of strata type dwellings and units, it is now quite common for developers in 'greenfield areas' to seek deposits from clients prior to construction in order to help finance individual projects.

Unfortunately with rapidly increasing prices being achieved for properties, there is the potential for some unscrupulous operators to receive deposits and then default on the sales at a later date through a sunset clause, only to re-sell the property at a vastly increased price at a later date. The NSW Government is considering reforms to the *Conveyancing Act 1919* and has immediately announced a public consultation on the use of sunset clauses in off the plan property contracts.

The proposed changes include:

- Allowing only the purchaser to rescind off the plan contracts; and
- Requiring a vendor who terminates a contract under a sunset clause, and resells the same unit, to pay damages to the purchaser equal to the difference on the sale price between the two contracts.

With buying off the plan becoming more and more common, particularly for new strata schemes, this is something we need to look at closely. Sunset clauses are usually contained in contracts for buying land or strata units off the plan. They allow either the buyer or the developer to rescind a contract after a certain date, usually in the event that construction is not finished on schedule. Purchasing a property is a life-changing decision and we need to ensure consumers are protected against exploitative practices. To understand the extent of the problem, Land and Property Information (LPI) and NSW Fair Trading have commenced a public consultation. Stakeholders are encouraged to provide feedback through an online survey by Wednesday 14 October available at www.fairtrading.nsw.gov.au.

CONGRATULATIONS

53RD AUSTRALIA- JAPAN JOINT BUSINESS CONFERENCE

It is undoubtedly an exciting time for NSW-Japan relations.

Japan is a priority market for NSW as our largest export market and third largest source of investment.

The NSW Government sees its relationship with Japan as one of the most important and enduring.

And for these reasons I felt incredibly privileged to represent Premier Mike Baird at the 53rd Annual Australia-Japan Joint Business Conference in Fukuoka, Japan.

FINANCE & BANKING

I had the pleasure of meeting representatives from Japan's largest banks: Sumitomo Mitsui Banking Corporation (SMBC) and Bank of Tokyo Mitsubishi UFJ.

Both banks consider NSW to have the potential to be one of the top infrastructure markets globally over the coming years.

Regarding infrastructure transactions, SMBC in particular has been at the forefront of many of the Government's largest infrastructure deals - valuing billions of dollars.

RESOURCES & ENERGY

Coal, coke and briquettes make up the bulk of NSW's exports to Japan and accounts for 40 percent of total NSW trade with Japan and 43 percent of NSW coal exports.

With Japan home to Nippon Steel and Sumitomo Metal (NSSMC) - world leading steel producers - I was thrilled to discuss how NSW is a reliable source of coal exports and how it supports many jobs and contributes enormously to our economy.

AIRLINE INDUSTRY

With the go-ahead of Badgerys Creek Airport in Western Sydney, it was exciting to discuss the potential return of All Nippon Airways (ANA) services to Sydney.

The Conference gave the NSW Government the opportunity to update our Japanese friends on Badgerys Creek Airport and related infrastructure opportunities.

Without doubt, this will be a major win for NSW and Western Sydney.

METROPOLITAN GOVERNMENT

The next few years will prove to be an exciting and vibrant time for Japan's capital.

The Rugby World Cup will be held in Tokyo in 2019, followed by the Olympic Games and Paralympics in 2020.

SPRING

Well it's time to put pen to paper, or rather fingers to keyboard once more. I have a number of ideas floating around in my head for this column's theme but I have finally decided to write about Spring. To me spring is usually the best season of the year. A time of garden festivals, when a young boy's fancy turns to romance, a season of school and church fetes, beautiful colours, festival parades and the like. Also at this time of year it is also of HSC school exams and graduation ceremonies. This spring we have seen all seasons in one week during September, hot summery days, followed by cold wet rainy days and strong winds, then followed in early October by humid days and more storms.

As I have not been well of late, I have not been out as much as would have liked so I can't say that I have noticed many young lovers, but I am sure that they are still about. Much more dating is now done online. I can imagine a boyfriend and girlfriend both sitting side by side on a couch or lounge, not necessarily talking but both texting each other or messaging each other on facebook or similar. So I don't really know what modern dating is like. What I do know, however, my teenage grandson feels what I feel. Neither of us can understand females. What I really like to see is the affection displayed by older members in our society as they hold hands and speak fondly to each other. I am also impressed by the caring attitude that many of the more senior members express when asking a friend about their partner. I guess that perhaps I may be a sentimental old bloke.

When it comes to school and church fetes again quite often it is the senior members of our society that make the cakes on the cake stalls, pot the plants sold at the plant stalls, they also provide the crocheted clothes hangers, or the handmade pin cushions, fancy tissue boxes etc to the craft stalls or donate the books and magazines to the book stalls. Do you remember the old "stick jaw" toffees or the toffee apples that were made available back in the day? They were bad for your teeth but they were also very popular. What about that confection made with Copha and Rice Bubbles or Coco Pops, I think that they were called "Chocolate Crackles", I'm sure some readers will let me know.

Spring festivals and fairs were quite abundant many years ago, but sadly many have since disappeared. But locally in the Hills Shire, the Orange Blossom festival is still celebrated with its associated Fairs such as the

Crestwood Fair. During
Septembers or Octobers

in years past Sydney used to celebrate the "Waratah Festival". I can recall the Waratah Festival Parade down George St., Sydney with floats from many companies and organisations decked out with beautiful floral displays and also some gorgeous girls.

As I have travelled around the district, I like seeing the flowering fruit trees and beautiful colourful flower beds each spring. Although my wife says that she feels sorry for me, as being colour blind I do not always see colours as others may see them. We may be driving along a road somewhere and she may say "See the red in that tree". Try as I may, I might not still be able spot it, but on some occasions after concentrating I may eventually spot what she had seen. I guess it comes down to the light. To the best of my knowledge I have been colour blind all my life. It was diagnosed back in High School more than 50 years ago. I have never considered it a problem except when looking at maps of proposed changes in Electoral Boundaries, the Redistribution Committees or Commissions

always choose to use red and green to show the proposed boundaries or existing boundaries. About 20 years ago, I wrote and suggested to one Redistribution Committee that they consider using other colours, as many colour blind people could not distinguish one from the other, including myself.

The mention of High School in the preceeding paragraph, leads me onto the subject of HSC exams and Graduation ceremonies. Now my 18 years old grandson is currently doing his HSC exams at Model Farms High School, and I wish him well during this very important time. A few weeks back my wife and I attended his graduation ceremony, which is another thing we did not have when we went to school. When I was at High School, we did not have the HSC. You could sit for your Intermediate Certificate at the end of third year (Year 9) and then go to do the Leaving Certificate at the end of fifth year (Year 11). I turned 15 years of age early in my third year at school. A week before my fifteenth birthday I had applied for a job and was asked to go for an interview. The day I went for the interview, when I got home there was a telegram (before most people had telephones) waiting for me to start work next morning. I never returned to school after that. I had only completed about a week of my third year in High School. I never received the intermediate certificate. In those days jobs were plentiful back in the early 1960s. My education since then has been in the University of Life itself.

Behind the Truth, a travelling display from the State Library of NSW, questions the role of truth in photography. The display is on show at Hawkesbury Central Library from 23 October to 6 November. It features 10 iconic images from the State Library's collections.

The exhibition illustrates the trickery behind some very famous imagery such as Australian photographer Max Dupain's iconic image, taken in 1937. Although the image has come to epitomise the quintessential Aussie male, the model was actually a British engineer.

Behind the Truth is a free exhibition and is open to the public during normal library operating hours.
